Description

Summary: It has been observed that the User is able to provide any Password during registration without any requirements. According to the Documentation, the Password should match the following Criteria: 8-20 characters, min 1 uppercase letter, min 1 lowercase letter, min 1 digit, min 1 special character.

Repro Rate 10/10 100%

Repro Steps:

1. Go to https://moviesroom.pl/rejestracja/
2. Provide a Password that does not match the Criteria
3. Fill out the rest of the Required Fields
4. Press the "Zarejestruj" Button
5. Observe the issue

Result: The User is able to register the Account with the Password that does not match the Criteria.

Expected: The User can only proceed through the Registration after providing the Password that matches the Criteria.
